## HEATING SYSTEM

### Charcoal Far-Infrared Anionic Panel :

It consists of the activated carbon (30%), white charcoal (40%) and muddy coal (30%) not the compounds of chemical carbon. It uses a semi-permanent ceramic heating system, which is easily adjustable according to the place where it is to be installed. Each panel contains 2.8 kg of natural charcoal. The ceramic coating will enable the panel to gain the maximum characteristic health effect of the charcoal. Eight Charcoal Ceramic Heating Panels are installed on Noble Rex to cover every corner of your body.

Korea Institute of ConstructionMaterials

Test Report for Charcoal Panel FIR

# FAR INFRARED EMITTING CHARCOAL PANELS

ISO 20473 scheme

Designation	Abbreviation	Wavelength
Near-Infrared	NIR	0.78-3nm
Mid-Infrared	MIR	3-50nm
Far-Infrared	FIR	50-1000nm

When heated, this charcoal emits far infrared radiation capable of deeply heating body tissue to improve blood circulation. This gentle and radiant heat penetrates up to four centimeters below the skin. Exposure to far infrared is an excellent therapy promoting proper functioning and natural exchanges in our body.

## Benefits of infrared

- Promotes dilation of blood vessels and improves local blood circulation
- Gets rid of stress, fatigue, tension, pain, and stiffness
- Helps with the elimination of toxins
- Facilitates tissue oxygenation

## DIGITAL CONTROL SYSTEM

Turn on the power and adjust the temperature and bathing time.

Put the lower part of your body for at least 20 to 30 minutes. Make sure to keep the top half of your body dry and cover your shoulders with a dry towel to stay warm. Noble-Rex's heating system will go up max 70 degrees centigrade to be adjusted at your physical condition of the day. Make sure you have a glass of water before and after Noble Rex. If you have any health concern or you are pregnant, please consult with the doctor before trying Noble Rex. Do not eat a heavy meal or drink alcohol beforehand.

## ORIENTAL HEALTH SECRET OF RED CLAY

**Red clay balls** are offered to be paved on the bottom for a foot pressure.

When used while bathing, they help absorb excess oil, dirt and toxins, while exfoliating dead skin cells and improving the blood circulation in the skin.

It will also give you a bare-foot walking effect on the red clay soils.

## ENTERING BATHTUB

Open side doors to enter.

## EASY INDOOR POSITIONING

## AFTER BATHING

After bathing, turn off the Noble Rex. Any cleaning work will not be necessary as the Cypress-made Noble Rex will remove/absorb the moisture and odor. A simple wiping will be enough.

## GENERAL SPECIFICATION

- Wooden Material : Canadian Cypress Tree ( Hinoki/ 扁柏 )
- Color : Light Brown
- Dimension (mm) : 1,120 x 630 x 800
- Weight : 80 kg
- Control : Digital Control Panel
- Heating System : Charcoal Panels from Activated Ceramics
- Voltage : 220 V
- Power Consumption : 750w/h
- Max Temperature : 70°C

## INT'L PATENTS FOR CHARCOAL HEATING SYSTEM

### Patent - Japan

## Patent - China

## CAUTION FOR PROPER USE

- Covering/blocking inside walls and the bottom can cause overheating  
( Do not spread towel nor put anything other than red clay balls on the bottom )
- Do not change the position of the temperature sensor which is located in a touchable distance from your left leg.
- Putting fingers in between the heater fences can cause a light burn
- Use electric voltage of 220 V as instructed
- Do not apply/spray water inside for the purpose of making steam
- Disassembling and/or remodeling is strictly prohibited
- Pushing down the doors to open/close can loosen the door hinges
- Install on the flat floor to make sure the doors will close right
- If you have any health concern or you are pregnant, please consult with the doctor before bathing.
- Do not eat a heavy meal or drink alcohol beforehand.

## REPAIR POLICY

- Noble Rex Defect Rate : 0.5% (2016)
- Most Frequent Defect : Failure in Charcoal Panel
- Other Defects Reported : None (2016)
- Repair Policy : Change the failed part(s) by our regional/local distributor
- Warranty : One year after normal usage

## NOBLE REX-FOOT (NOBLE REX-F)

NOBLE REX-FOOT (NOBLE REX-F) are using two charcoal heating panels for the dry hot foot bath.

During the hot foot bath, the blood which is congesting distant parts of the body is brought to the dilated vessels in the feet and legs.

Congestion of the brain, lungs, abdominal and pelvic organs can be relieved in this manner.

Hot foot baths increase blood flow through the feet and entire skin surface, relieving congestion in internal organs and brain.

This type of bath also elevates the body temperature, relaxing tense muscles and increasing white blood cell activity. Foot bath treatment can help with the following health problems:

- Cold feet
- Colds, chest congestion, flu, coughs, pelvic inflammatory disease, Headache
- Pelvic cramps
- Hemorrhoids and prostate problems
- Help with depression
